## FRENCH MAKE THREE RAIDS

Squadrons of Aeroplanes Bombard German Positions, Hangars and Supply Stations in Serbia.

Paris, April 21, 5:40 p. m.—Three more raids by squadrons of French aeroplanes on German positions near the Greek border are reported in a Havas dispatch from Saloniki. On Monday night French aeroplanes bombarded the German camps at Negotino, Serbia, and Podgoritz Montenegro. On Tuesday night other French machines dropped bombs on the barracks at Giverville. The German hangars at Negotino, the supply station at Strumitsa and the camp at Padagasi were attacked Thursday night.

The dispatch says many bombs proved to be effective.

## SUICIDE PROVES TO BE A SALT LAKE CONDUCTOR

After spending a few hours in Ogden today investigating the death of P. T. Pierpont, who committed suicide in Ogden canyon yesterday afternoon, C. W. Burningham, W. H. Evans and J. B. Householder, returned to Salt Lake with Pierpont's remains. They are members of the Utah Light & Railway Mutual Aid association of Salt Lake and were directed to make complete investigations respecting the cause of death. Mr. Burningham is a brother-in-law of Pierpont and he was especially interested in knowing whether it was a clear case of suicide, so as to determine whether an autopsy and coroner's inquest should be held over the body.

After conferring with Sheriff T. A. DeVine and others familiar with the circumstances surrounding the death of Mr. Pierpont, Mr. Burningham and his companions were certain that it was suicide, and that the holding of an inquest would not be necessary. The body was released by the sheriff.

The Salt Lake men stated that Pierpont had been employed by the Utah Light & Traction company as conductor for some time. He left his young wife Wednesday night, stating he had received a telegram from a sister in Ogden that she was very ill. He had been drinking, but had shown no signs of despondency. The truthfulness of the telegram was not questioned until it was learned he had committed suicide, when it was concluded that it was a fake message, framed as an excuse to come to Ogden.

It is said that Pierpont was always a jovial fellow, and no matter what the circumstances might be, he looked on the bright side. The opinion of the brother-in-law is that he drank so heavily that he lost his courage and concluded that he could not well face his wife again. The wife was formerly Hazel Burningham of Bountiful and is distracted over her husband's death.

County Attorney Joseph E. Evans and Sheriff T. A. DeVine advised Mr. Burningham that an inquest would be held if he desired it, but that he would be privileged to take the body home if he thought an inquest was not necessary.

Relating to the death of P. T. Pierpont, James Duffy of this city states that he saw Mr. Pierpont at the Grill Cafe yesterday morning at 9 o'clock eating a hearty breakfast, and that he was with him until about 11:15, when Pierpont told him he had a date in Ogden canyon for 12 o'clock. At that time, Duffy says, Pierpont agreed to meet him again at the Grill at about 12:30 but that he did not come. He also states that Pierpont had about \$3.50 in silver. He says the man was not intoxicated.

Duffy is of the opinion that Pierpont was murdered by some one who had a grievance.

## SUGAR FACTORY TO BE ENLARGED FOR BIG CROP

It is reported from the field department of the Amalgamated Sugar company that by the middle of next week practically all the sugar beet lands in Weber county will be seeded. There are something over 10,000 acres, and at the beginning of this week about two-thirds had been plowed and planted.

The Ogden factory this year will be confined almost exclusively to the handling of sugar beets raised in Weber county, as other factories in the district have contracts with farmers, but so great an acreage has been contracted for by Weber county farmers, it has been necessary to enlarge the Ogden plant from a 700-ton to a 900-ton capacity a day. This is being done rapidly and the plant will be ready for the big crop when it is harvested. About 100 men are employed making the improvement.

The sugar company is spending about \$300,000 on the Ogden plant, besides spending about a half million dollars on a new plant at Twin Falls, Idaho.

## PETER KASBUS IS HONORED

Peter Kasbus, son of Mr. and Mrs. Andrew Kasbus of Ogden, has been accorded the highest honor possible for a student of the University of Utah, the presidency of the university student body. Mr. Kasbus was elected to the high position by a margin of more than 100 votes over his nearest opponent, Everett McMurrin of Salt Lake City. He is a junior at the University and his record as an officeholder in the student body and other student organizations during his three years at the school is an enviable one and was gained not only through scholastic ability but interest in student activities.

The young Ogden man is a graduate of Weber academy, where he also held the position of president of the student body in his senior year. He is now president of the University Open Forum club, and a member of the debating team which will meet the University of Colorado team in the near future. He is also a member of the Scribblers, the men's literary society of the University.

Edward Banning was elected to the vice-presidency of the student body and Herman Wells, editor of the Chronicle.

## OGDEN INVENTOR HAS BEEN GRANTED PATENTS

Three patents have been issued to Peter L. Ferguson, 2451 Quincy avenue, and two are pending covering mechanical appliances ranging from a salt and pepper shaker to a trowel.

Mr. Ferguson is much pleased over his latest patents, papers for which have been received. He is a sheet metal worker and while employed on the Alhambra theater, he saw with what difficulty the plasterers labored on cornices, moldings, etc., he set about to work out a trowel which would facilitate all kinds of fancy plastering and designed a tool on which he has been granted letters patent. With this trowel any design of plaster cornice or molding may be readily and uniformly made on the walls and ceilings of a room.

Mr. Ferguson also made an illuminated sign which can be used on autos or porches.

One of the inventions, for which a patent is pending, is a fruit grader which requires no power, gravity alone separating the different grades of peaches, apples or any other fruit which may be placed in the machine.

## FREE CHAPLIN SHOW AT UTAH FOR CHILDREN

Children accompanied by parents will be given free admission Friday and Saturday matinee, between 2 and 6 p. m. In addition to the funny two-reel Chaplin crack comedy will be shown an intensely interesting photo drama, "The Song of the Wage Slave," from the poem of the same name by Robert W. Service, author of the "Song of the Yukon." "Shooting of Dan McGrew," and other verses, featuring Edmund Breese, the eminent dramatic actor who played the stellar role in all of the plays. The story deals with the almost super-human love of a strong man for the woman of his choice, and the supreme sacrifice which this love ultimately entails. Utah, today and tomorrow.—Advertisement—

## Deaths and Funerals

COVEY—The funeral of Earl M. Covey was held at the Lindquist chapel yesterday afternoon, with Rev. G. F. Rasmussen officiating. Mrs. Rasmussen sang "Rock of Ages." "Jesus Will Pilot Me" and "God Will Care For Me." The service was largely attended and the bier of the deceased was covered with floral tributes. Interment was in the city cemetery.

SCHADT—Funeral services for Edie Schadt, who was killed by an Oregon Short Line train, Monday night, were held yesterday at 4 p. m. in the Lindquist chapel. Interment was in the city cemetery.

## G. L. BECKER MAKES A RECORD ON THE COAST

G. L. Becker, who has been on the Pacific coast several weeks, recently attained the high record in a big blue-rook shoot at Los Angeles, according to the Los Angeles Times. Fifty-one crack shots from many parts of the country participated in the shoot and the Times had the following to say of the Ogden man's performance:

"On Saturday, G. L. Becker, the shark from Ogden, Utah, finished up a string of 500 birds, breaking just 484 out of the 500 fired at, which is going at a 97 per cent rate. The score was carefully noted and the Utah man will probably find himself back where it is lonely and a long way to the traphouse when he shoots in the May tournament of the Los Angeles Gun club."

## PHILBROOK CASE TO GO TO JURY THIS AFTERNOON

In Judge N. J. Harris' division of the district court this morning Attorney Soren N. Christensen, counsel for Frank Philbrook, closed the trial for the defense and the court immediately instructed the jury.

Judge Harris announced that he would instruct the jury that the verdict must be guilty or not guilty of first degree murder. The court advised that, in cases of poisoning, lesser degrees of murder than the first degree could not be entertained. Arguments by counsel were begun just before 11 o'clock, it being announced by the attorneys that likely not more than 90 minutes on a side would be taken up.

## GASOLINE EXPLODES AND WOMAN HAS A NARROW ESCAPE

Mrs. Robert Felt of 1663 Ogden avenue had a narrow escape this morning from being seriously burned. She was cleaning clothes on the back porch of her home, with gasoline, which in some unknown manner became ignited. An explosion followed setting fire to the clothes, but Mrs. Felt fortunately escaped injury.

The fire department was called to the scene, but its service was not needed.

## PREPARING WAR VESSELS FOR SEA

Seven Thousand Bluejackets Put to Work—Ships to Be Ready at Earliest Possible Hour.

Boston, April 21.—Seven thousand bluejackets at the Charleston navy yard were put in overalls today to prepare the thirty war vessels in the harbor for sea at the earliest possible hour. It was stated that virtually every ship would be at the top notch of efficiency in fifteen days.

The enlisted men are being employed because of the difficulty in obtaining sufficient civilian mechanics. The vessels to be overhauled include six battleships, ten torpedo boat destroyers, three scout cruisers, one submarine and several auxiliary ships.

Half of the seven thousand bluejackets had been recalled from furloughs and short leave. "It is a measure of preparedness," it was officially explained, "the necessity of which was increased by the fact that we have been handicapped for months by a shortage of civilian workmen and material."

Army Recruiting Stimulated. New York, April 21.—Army recruiting here was stimulated today by the announcement that recruits who wished to do so may go to the front at once. Ever since the regulars entered Mexico the number of applicants at the recruiting stations has been increasing.

## EXCLUSION IS BEFORE WILSON

Washington, April 21.—Viscount Chinda, the Japanese ambassador, conferred with President Wilson today over the provision of the pending immigration bill which proposed to enact into law the so-called gentlemen's agreement restricting the immigration of Japanese laborers. A memorandum on the subject had been presented to the state department.

The proposed inclusion in a law of an informal agreement which Japan has promised on honor to fulfill according to the agreement between former Secretary Root and former Ambassador Takahira, is understood to be repugnant to the Japanese government. Other proposed Asiatic exclusion features in the bill, as it has passed the house and has been reported to the senate, are understood to be the subjects of objection.

For many obvious reasons, the attitude of the administration is said to be one of disinclination to irritate the situation between Japan and the United States which has been smoldering since he California anti-alien land law negotiations went into an indefinite stage three years ago this summer. Administration officials are not unkind of anti-Asiatic sentiment in congress, particularly among members from the Pacific coast states, and their constant endeavor has been to allay it. The United States never has re-

plied to Japan's last note on the California land law.

## FRANCIS BACON WAS SHAKESPEARE

Chicago, April 21.—Francis Bacon was declared to be the author of the works of William Shakespeare in a decision rendered in an injunction suit today by Judge Richard S. Tuttle in the circuit court. The decision dissolved an injunction issued on the petition of William N. Selig, motion picture manufacturer, to restrain George Fabyan, publisher and others, from completing publication of books supporting the Baconian theory. The court held that the name Shakespeare had been used simply as a disguise.

"The claim of friends of Francis Bacon," the court said further, "that he is the author of the works of Shakespeare, and facts and circumstances in the vast bibliography of the controversy over the question and proofs submitted herein, convinces the court that Francis Bacon is the author."

Mr. Tompkins is a hard-working man at his trade as a shoemaker. By laboring early and late he managed to earn enough to educate and dress his two daughters very well.

Now, he was so proud of those girls that at last he bought them a piano. A few days after the arrival of the instrument a friend saw him.

"Hello, Tompkins!" he said. "And how did the piano go off?" "Beautifully," Smith replied. "The 'Shoemaker'—the girls were as grateful as possible, and it's fine to hear them singing and playing. But what do you suppose was the very first tune they learned?"

"Dunno, I'm sure," was the friend's reply.

"Everybody Works but Father!" said Tompkins, mournfully.

"A rich woman misses much in life."
